

“GANG” Types and Formats

Golf is definitely more enjoyable for most people when they play with friends or family. *Playing with others also adds the element of competition.*

Because not everyone can get a friend or family member to play, or not at a convenient time, Beaver Creek offers “Groups” or “Gangs”. “Gangs” are reserved tee times set aside on a regular basis for our Full membership use. Besides our good “pace of play”, the Gangs are probably our biggest asset and selling feature. The majority of our Full members absolutely love the Gangs, and would be lost without them! (Not to mention making a lot of new friendships along the way).

The size of the reserved tee times varies with the day-of-week and popularity of the gang, but we try to accommodate the varying needs by season.

Each gang has their own rules on format of play, handicaps restrictions or limits, etc.
